**Fuel tank solutions
wherever you operate**

Fuelfix are your fuel management solutions specialist servicing Australia. We are specialists in tank installation whatever your location.

Subsidiary, Tanks2Go, offers Australia's largest fleet of rental tanks and mobile self banded trailers for hire.

So whether buying outright or hiring to reduce your capital outlay, you'll find the solution to your onsite fuel requirements with Fuelfix. The relationship does not end at the tank, with maintenance and support ongoing for all your fuel management needs.

Our double tank skin design reduces installation time, costs and any possible environmental impact with no need for a concrete or an earth catchment area. Our tank range matches your capacity needs with any Master, Slave or Manifold configuration you require.

By managing all your fuel needs, Fuelfix lower the cost of holding and dispensing fuel to your business.

All Fuelfix self banded tanks are designed and manufactured to the highest standards in accordance with Australian Standards AS1692 and AS1940.

In addition to providing installation, Fuelfix can provide facility and project management services, road tanker repairs, tank repairs and site clean ups.
