

Fuelfix&Tanks2Go 2FF

The Fuelfix&Tanks2Go 2FF is a multi-task on-site fuel deployment solution for the direct supply to stationary equipment or the refuelling of equipment on demand.

- **Transportable.** Full load lifting eyes and forklift pockets are designed to allow safe and easy handling of the tank full of fuel.
- **Stackable.** Easily stackable design supports 2 high when full and 3 high when empty, reducing storage space requirements.
- **Accessible.** Access manway for thorough maintenance and inspection. Removable inner tank for servicing and cleaning.
- **Efficient.** Lockable cabinet secures equipment. Fuel ports are able to run up to 3 pieces of equipment.
- **Environmentally Safe.** Double-walled with 110% containment eliminating the need for spill containment. UL 142 approved.
