

Get the

BRIGHT LIGHT

On-site

50% OFF

your weekly hire rate for the SL21 when bundled with a 30FF or 70FF Self-Bunded Tank.

Enhance the safety and security of your assets on site with our Solar Lighting Tower SL21

Top 3 Reasons to choose **Fuelfix Solar Lighting Towers**

1

Cost-Effective

The Fuelfix SL21 is proven in the field, withstanding the harsh weather conditions of remote areas. With no maintenance or operational costs, this light tower guarantees great reliability, high efficiency and bright illumination at lower cost.

2

netZERO

The Fuelfix SL21 is 100% solar-powered, providing maximum power with minimal footprint and illuminates at night without any noise. Save on operational costs and reduce environmental impact with our easy to operate lighting solution!

3

Secure

The Fuelfix SL21 provides lighting from dusk until dawn and creates a safe and secure environment for workers. With its in-built smart features, get bright light when refuelling at anytime.
