

# Wild weather ahead, are you prepared?

Get fuelled up and ready  
for any emergency situation.

## WE ARE HERE TO KEEP YOU POWERED OVER THIS WILD SUMMER PERIOD

Call 1300 734 764 or visit [fuelfix.com.au](http://fuelfix.com.au)

When it comes to wild weather, you can't predict how much damage it can cause however you can put some practical plans in action. A contingency plan can reduce downtime in the unlikely event of bushfires, power loss, electrical storms or flooding.

### Let Fuelfix & Tanks2Go help you prepare.

We have a country-wide footprint of qualified and industry-trained technicians for local support and quick response time for your business – especially when the wild weather strikes.

### Get in touch with our friendly team today.

Preparation before the wild weather comes ensures you **have the right equipment ready to go.**

### Fuel Trailers

Ideal for emergency situations, the trailer provides a totally **independent mobile refuelling solution** day or night. The dual axle construction makes the fuel trailer well balanced and **easy to tow, even when fully loaded.** With 1,200lt capacity, Fuelfix self-bunded mobile fuel trailer provides a **reliable and self-contained mobile solution** for safe loading, transport and delivery of fuel in remote or difficult to access locations.

### Small Fuel Tanks

Ranging from 500 litres to 11,000 litres capacity, the Fuelfix range of small self-bunded tanks are **compact, durable and versatile.** Ideal for **emergency fuel requirements**, the tanks can be used to power generators and refuel light fleet. Our small fuel tanks allow you to quickly and easily supply fuel and **keep your business safe** when wild weather strikes.

### Lighting Tower SL21

Rated for strong winds, this Fuelfix lighting tower can provide **bright light to keep your operations running smoothly and safely** in case of power outages after a storm or for emergency operations like bushfires where smoke can significantly reduce visibility. This solar powered solution can run for **26 hours continuously**, providing ample light for your working area.

**Plan and prepare, keep your business safe.**
